Dear Hr,

My name is Chooi Chee Kean study Diploma in Information Technology at SEGi College Penang. I currently am looking for internship opportunities in your company to gain real world experience and skills. My duration of internship from 10 May 2021 until 10 August 2021. I am hardworking and passionate to learn from your company.

I'm excited to be applying for the R&D Trainee (Software) and was delighted programming language of the necessary requirements which is C++ and C#. In two years at my college, I've completed a great deal of coursework like a to build responsive web design in Web Design course. Not at all, what I learned and applied skills such as wireframe, create the prototype design on the software to test the browser and mobile devices run smoothly.

In Addition, I've also completed a great GUI application which is using C# and Java programming language to complete group assignment. And the topic was to build a reservation hotel and hotel management system with database.

I believe I would make an excellent addition to your team. This internship would help me grow my real world experience in the technology industry and help me further develop skills. I appreciate your consideration and time.

Sincerely,

Chooi Chee Kean
